WHY JOIN IOS?

Our mission is to promote the highest professional standards of oncology in Indiana.

How do we do this?

We advocate for every member in Indiana through our key partnerships to ensure you'll stay informed on key oncology policies, take action on state and federal issues, and help shape advocacy efforts that impact patient care.

We connect cancer centers members with local partners and industry leaders to strengthen your practice and advance oncology care.

We educate our members through our in-person events that provide valuable resources, learning, and networking opportunities.
